

DalyWorks

Your Friend in Shipping

Capability Statement

DalyWorks, LLC, a verified SDVOSB, is a logistics management consulting firm that utilizes various carrier relationships to meet the logistics needs of our clients providing cost effectiveness, reliability and a single point of contact to simplify the process. We analyze current shipping practices then present options that focus on creating efficiencies, reducing costs while providing high visibility and accountability of your shipping. From a single document or box needing domestic overnight service to a container of finished goods heading for foreign markets, DalyWorks has the resources to fit your needs. Our primary goal is to be of maximum service by providing value that can positively impact the profit and productivity of any size company.
